Justice Information Technology Integration Implementation Project

ARKANSAS

Award To: Arkansas Integrated Justice Information System Coordinating Council

Amount: \$910,563*

PURPOSE:

The Arkansas Integrated Justice Information System Coordinating Council will use the funds for a 2-year pilot project in Faulkner County and replicate the model in other counties. The project's goals are to implement electronic data sharing among the participating county agencies, share communication technology and infrastructure among the county offices, develop and apply data standards to all participating agencies, install new case management systems in offices that have none or need newer systems, and create a model and plan for the other counties to follow.
