

**Office of Justice Programs (OJP)**  
**Bureau of Justice Assistance (BJA)/National Governors' Association (NGA)**  
**Justice Information Technology Integration Implementation Project**

**KENTUCKY**

Award To: Commonwealth of Kentucky

Amount: \$1,000,000\*

**PURPOSE:**

The Commonwealth of Kentucky will use the funds to develop a system of E-Warrants. E-Warrants will provide a method of transmitting information on violations and offenders more efficiently throughout the Commonwealth. The system will prevent duplication of effort and redundancy of data entry by providing a single point of entry. It will improve the offender identification system, making records readily available to law enforcement officials from other jurisdictions when they need them and by positively linking all offender information records.

E-Warrants will also facilitate information sharing between jurisdictions, increase accuracy of information, and streamline business practices.
