PURPOSE:

The Tennessee Office for Criminal Justice Programs will use the funds for Tennessee's Criminal Justice Integration Implementation Plan, which prioritizes the automation of the Criminal Case Judgment Document. The automation of the judgment document will improve the current manual process in all 95 counties, 31 District Attorneys' offices, and court clerk offices throughout the state. The judgment document is a crucial form in the business flow of the criminal justice system in Tennessee. It contains the case disposition information from the criminal/circuit judge and lists all relevant information concerning the outcome of the case.
